

# SEXUAL & SEXIST VIOLENCE:

## STEP UP & STOP IT!

A pedagogical device developed by  
the Diversity & Inclusion Chair of EDHEC Business School

**“SSV: Step Up & Stop it !”** is an educational tool, created on the initiative of the Diversity and Inclusion Chair Inclusion Chair, led by Professor Hager Jemel, to help in the fight against gender-based and sexual violence (SGBV) in the student environment.

Created for workshop use, this device is a deck of cards designed to educate, raise awareness, and train students effectively in line with their real-world experiences.

Drawing from legal definitions, realistic scenarios, statistics, and practical tools, the toolkit aids in recognizing key forms of SGBV, connecting them to tangible situations, analyzing the evidence, and equipping individuals with the means to respond to SGBV.

Training in the use of this tool has been created to guarantee the ability to facilitate workshops in the best possible conditions and to provide additional knowledge.

# TRAINING OBJECTIVES

- 1 Identify and recognize** 9 forms of SGBV.
- 2 Estimate the extent of SGBV** using figures and statistics.
- 3 Learn how to react** appropriately to SGBV situations.
- 4 Provide an opportunity to speak out** on a subject often avoided or trivialized.

“Our ambition with this program is to inform, raise awareness and provide training on the subject of gender-based and sexual violence in order to prevent it and put an end to it. This is a major challenge for education and for society as a whole.”

**Hager JEMEL**  
Diversity & Inclusion Chair  
at EDHEC

**3-hour** group workshop

**8,800** students sensitized through this device

**180** facilitators trained to facilitate workshops

**92%** of participants say they are able to define SGBV after the workshop

**97%** of participants think it's relevant to address SGBV at school

**97%** felt that the workshop is relevant to the student context
